APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicants agree to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1.0) cubic feet per second.

Actual construction work shall begin on or before May 26, 1917.

Proof of commencement of work shall be filed before June 26, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before November 26, 1917.

Application of water to beneficial use shall be made on or before May 26, 1923.

Proof of the application of water to beneficial use must be filed with State Engineer on or before June 26, 1923.

Proof of labor filed JUN 11 1917

WITNESS MY HAND AND SEAL this 26th day

Map filed JUL 24 1917

Proof of completion of work filed NOV 10 1917 of December, 1916.

Cancelled Jan. 2, 1926 because of failure of applicant to comply with provisions of permit:

Robert A. Allen

State Engineer.

Wm. S. Harnes
State Engineer.
